# BART PARKING CHARGES

- BART to start charging patrons for parking in their parking garage/lots on or after December 2014.
- Initially the parking fee is expected @ \$1 per day.
- On-street and off-street parking is expected to be significantly impacted.

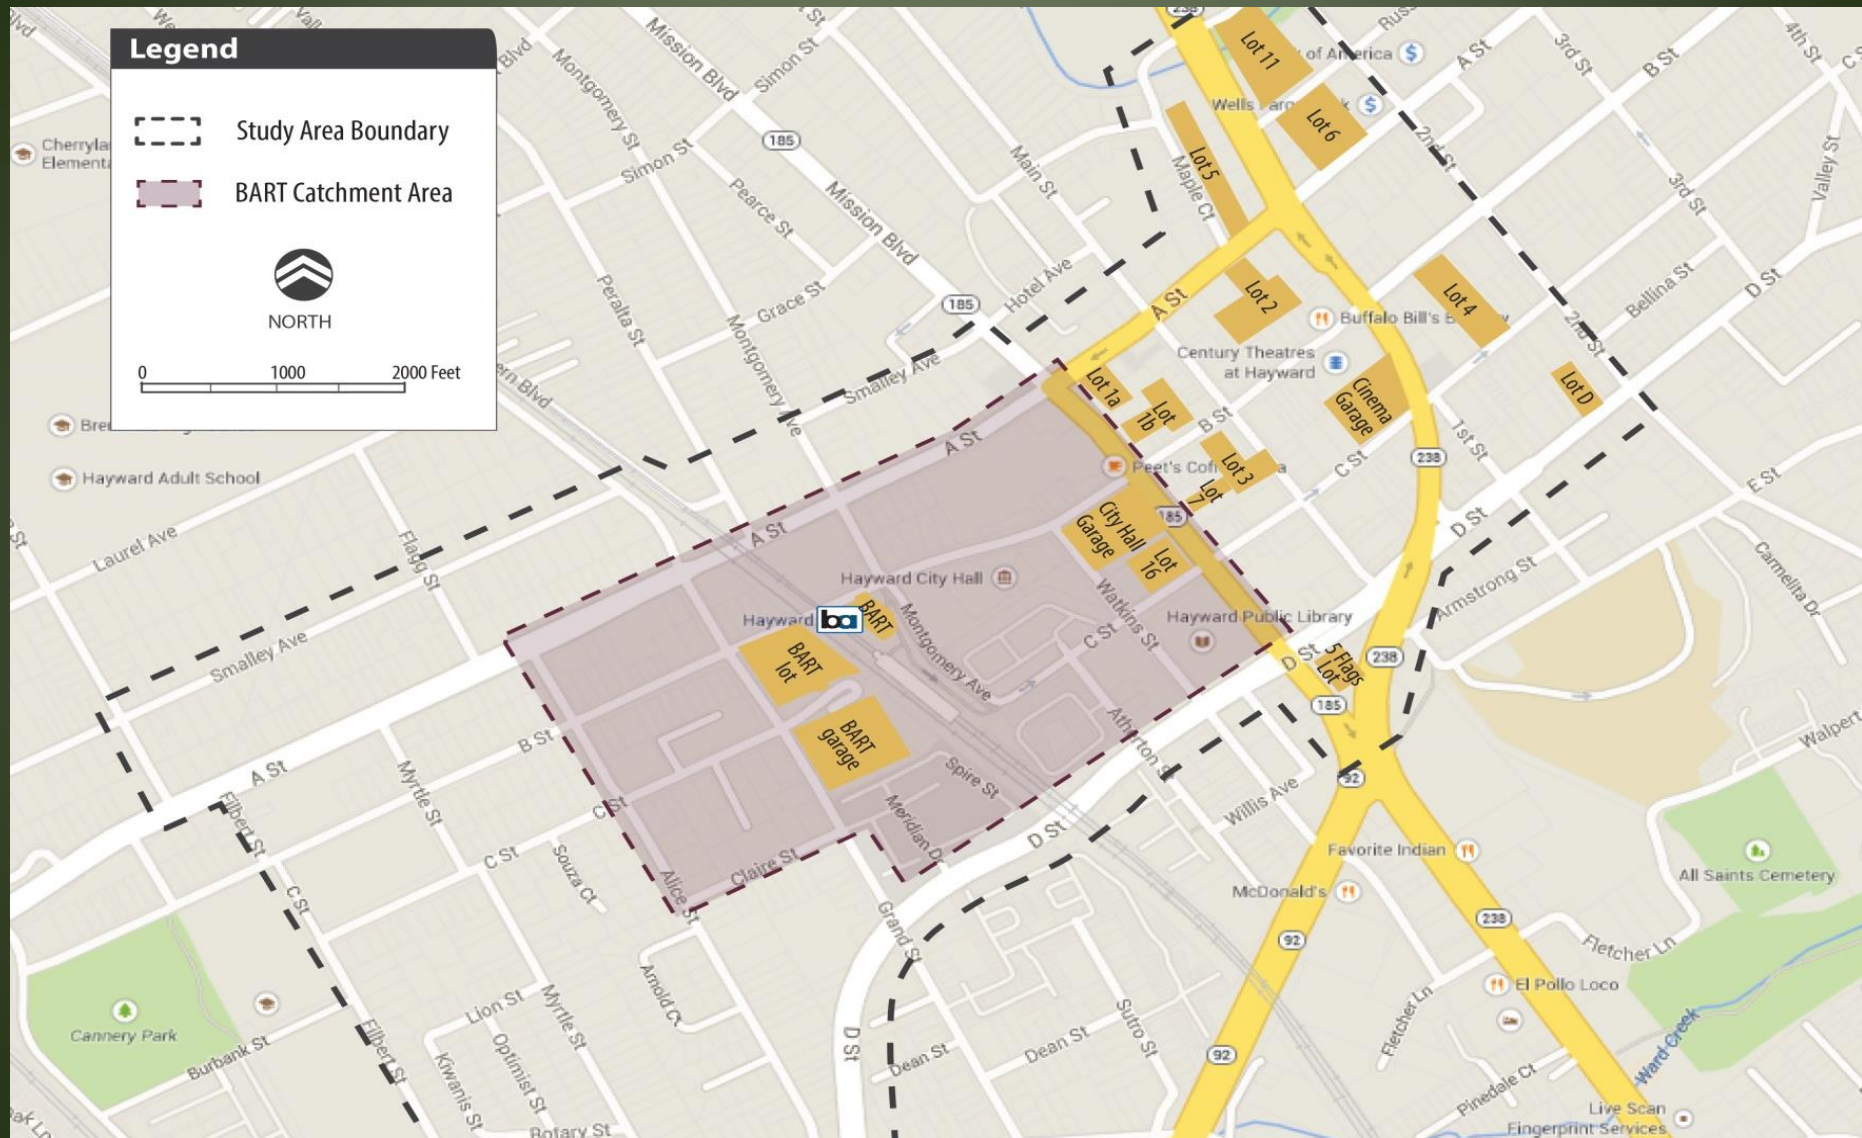

# LONG TERM PLANS

- Develop a downtown parking management plan which considers:
  - Downtown Business Needs
  - Paid parking for off-street garages
  - On-street parking meters
  - Latest technologies for implementing parking management
  - Long term costs and potential revenue from implementing these parking programs
